ETHICAL INVESTIGATIONS

By the sole act of submitting his/her images or files to a salon under FIAP Patronage, the entrant accepts without exception and with no objection the following terms:

- that the submitted images can be investigated by FIAP to establish if these obey to FIAP regulations and definitions even if the entrant is not a member of FIAP,
- that FIAP will use any means at its disposal for this undertaking,
- that any refusal to cooperate with FIAP or any refusal to submit the original files as captured by the camera, or failure to provide sufficient evidence, will be sanctioned by FIAP,
- that in case of sanctions following the non-compliance with FIAP regulations, the name of the entrant will be released in any form useful to inform the breaches of the rules.

IMPORTANT: Concerning digital entries, FIAP recommends that authors should preserve intact, with no alteration, the original metadata of images. In case of contestation for incompliance with FIAP regulations the fact of not being able to access this important data could mean that the author could be sanctioned.

Each author whose image shows any suspicions about the compliance with FIAP regulations or definitions can be requested by the organizer or by FIAP, to submit the original file (file containing the data recorded by the sensor, if so, the RAW file) plus the file of the image immediately before and immediately following the questionable image. If he/she failed to provide what is required, he can be sanctioned.

Persons who are found guilty of plagiarism are excluded lifelong from FIAP activities.

If at any time, it is determined in the reasonable discretion of the exhibition organizer or the judges before, during, or after the judging of an exhibition that an entrant has submitted entries where one or more images may fail to comply with these Conditions of Entry, including the stated definitions, the exhibition organizers reserve

the right to delete the entry from the exhibition and void any or all acceptances or awards in connection with the exhibition. Fees may be forfeited or refunded in these circumstances. The entrant acknowledges that the decision of the exhibition organizers or the judges is final.

In order to ensure that images comply with the Conditions of Entry and definitions, the exhibition organizers may carry out reasonable measures to verify that:

- a) the images are the original work of the entrant and
- b) the images comply with the rules and definitions as set out in these Conditions of Entry.

These steps include, but are not limited to, questioning any entrant, requiring the submission of RAW files or other digital files representing the original capture of the submitted image(s), confronting the entrant with evidence that one or more submitted images fails to comply with the Conditions of Entry (also known as Entry Rules), and offering the entrant a reasonable opportunity to provide counter evidence to refute the exhibition organizer's evidence by a set deadline. Such entries that are not cleared or are still questionable after the entrant has presented evidence may be considered in breach of these Conditions of Entry, and declined. Such entries may be referred to PSA for further investigation of possible ethics violations.

PSA retains the right to investigate in any way all complaints/suspensions of breaches of entry conditions, impose sanctions if deemed necessary, void the acceptances of any image found to violate the PSA rules, include the entrant's name on the list of sanctions provided to Exhibitions, and share such investigations with FIAP. Entrants automatically agree to these terms by the act of entering the Exhibition and agree to cooperate with any investigation.

DISPUTES

In any case of dispute regarding compliance with the Conditions of Entry, payment of fees or matters pertaining to an image (such as receipt, acceptance, compliance, score or award), the decision of the organizers and judges to accept your application (or not) will be final. Violations and perceived violations of the Conditions of Entry may be reported to the various accreditation bodies and may result in a declination of your application to have your images included in this and other exhibitions.

COMPLIANCE

The exhibition is open to anyone; however, an entry may be rejected when the sponsoring organization, or its agent, in its reasonable discretion, believes the entry does not conform to exhibition rules and conditions.

REPRODUCTIONS

By submitting an entry for this salon the entrant permits the organizers to reproduce all or part of the entered material free of charge for publication in a catalogue, on an internet site and/or in other media related to this salon.

7 DEFINITIONS

All entries shall conform to the stricter of these definitions for acceptances and awards to be validated by all the International Organizations granting recognition or patronage.

a) Salon Definitions:

In **open sections**, entrants can enter photos with any kind of theme: for example: portrait, people, nature, wildlife, landscape, architecture, still-life photography, digital imaging, HDR photos, etc. All acceptance eligibility shall be in accordance with the PID Star Ratings or the Galaxy/Diamond Ratings requirements as appropriate.

Monochrome images may not be entered in the **Open Color** Section. Acceptances in PID recognized Monochrome sections shall be credited towards PID Monochrome Star Ratings and Who's Who Monochrome listings. The color and monochrome versions of same image, regardless of title, cannot be entered in different sections of this exhibition.

People Definition: Show us people in all situations, such as daily life, street photography, traditions, portrait, people at work, social events, human relations and etc. The main subject in the photo must be one or more human.

Life Definition: Show us any alive creature as like as people, plants, animal etc. in all situations, such as daily life, traditions, portrait, people at work, social events, human relations and etc. The main subject in the photo must be one or more human, animal or plant. Animal mating, feeding, relations between animals, relations between plants etc.

b) FIAP Definitions:

Monochrome:

A black and white work fitting from the very dark grey (black) to the very clear grey (white) is a monochrome work with the various shades of grey. A black and white work toned entirely in a single color will remain a monochrome work able to stand in the black and white category; such a work can be reproduced in black and white in the catalogue of a salon under FIAP Patronage. On the other hand a black and white work modified by a partial toning or by the addition of one color becomes a color work (polychrome) to stand in the color category; such a work requires color reproduction in the catalogue of a salon under FIAP Patronage.

c) PSA Definitions

General:

"Entries must originate as photographs (image-captures of objects via light sensitivity) made by the entrant on photographic emulsion or acquired digitally. By virtue of submitting an entry, the entrant certifies the work as his own (aliases are not permitted). The entrant permits the sponsors to reproduce all or part of the entered material free of charge for publication and/or display in media related to the salon. This may include low resolution posting on a website. Note: Entrants who indicate that their images may not be reproduced or used "will not be eligible for awards" or inclusion in audio-visuals of the exhibition "and could be subject to disqualification" by the exhibition sponsors. The exhibition assumes no liability of any misuse of copyright. Images may be altered, either electronically or otherwise, by the maker, subject to Nature, Photo Travel, and Photojournalism divisional restrictions. All final work must be on photographic film, or on electronic file, or on photographic or electronic print material, mounting excepted.

Monochrome:

An image is considered to be Monochrome only if it gives the impression of having no color (i.e. contains only shades of gray which can include pure black and pure white) OR it gives the impression of being a grayscale image that has been toned in one color across the entire image. (For example by Sepia, red, gold, etc.)

A grayscale or multi-colored image modified or giving the impression of having been modified by partial toning, multi-toning or by the inclusion of spot coloring does not meet the definition of monochrome and shall be classified as a Color Work. Monochrome images may be entered for Photo Travel but only the first sentence of the Mono definition applies. Toned images are not permitted for these divisions.

Photojournalism:

Photojournalism entries shall consist of images with informative content and emotional impact, reflecting the human presence in our world. The journalistic (story-telling) value of the image shall receive priority over pictorial quality. In the interest of credibility, images that misrepresent the truth, such as those from events or activities specifically arranged for photography or of subjects directed or hired for photography, are not eligible.

Techniques that add, relocate, replace or remove any element of the original image, except by cropping, are not permitted. The only allowable modifications are removal of dust, scratches or digital noise, restoration of the existing appearance of the original scene, sharpening that is not obvious, and conversion to greyscale monochrome. Derivations, including infrared, are not eligible. All images must appear natural.

Creative:

Creative is "Altered Reality." The image may be of any subject matter and must obviously display a change in natural color, form, shape or any combination of these three. All images must be original and may not incorporate elements produced by anyone else. Images may not be constructed entirely within a computer. High Dynamic Range (HDR) images without further changes are not considered "Altered Reality."
